K-LITE: Illuminating Landscapes with High-Quality Architectural Luminaires

K-LITE: Illuminating Architecture Since 1977

Established in 1977, K-LITE is a pioneer in the design and manufacture of high-quality architectural luminaires and lighting poles. With decades of expertise, the brand has earned a reputation for delivering reliable, aesthetically refined lighting solutions that cater to a wide range of design preferences and functional requirements.

Sustainable Manufacturing, Timeless Design

Operating through state-of-the-art manufacturing facilities, K-LITE focuses on sustainable and energy-efficient LED technology. Every luminaire is engineered to meet stringent international quality standards while embodying architectural elegance and design precision.

Built to Withstand the Elements

K-LITE's landscape and outdoor lighting solutions are purpose-built for rugged environmental conditions, capable of withstanding wind, water, direct sunlight, rain and dust. All products feature high IP and IK ratings, ensuring superior protection against ingress and impact. This makes them ideal for demanding outdoor and landscape applications.

Comprehensive Product Range

K-LITE offers one of the most diverse and versatile lighting solutions in the industry:

- Linear Wall Washers
- Up-Down Lighters
- LED Strips / Neon Flex
- Promenade Lighting
- Bollards & Pathway Lights
- Underwater Luminaires
- Post-Top Luminaires
- Bulkheads & Pathfinders
- IP67 Linear Profiles
- Polar Lighting Poles
- NEW: Facade Lighting Series

Lighting with Purpose & Beauty

Every K-LITE product represents a perfect blend of functionality and design excellence. Whether illuminating walkways, enhancing architectural façades, or creating ambiance in public spaces, K-LITE luminaires consistently deliver:

- Superior Illumination
- Long-lasting Durability
- Architectural Aesthetic Enhancement

Trusted by architects, landscape designers, and urban developers, K-LITE continues to transform spaces with lighting solutions that seamlessly integrate form, function, and beauty.
